

Mango

Dog • Small Pit Bull Mix • Adult • Female • Medium

Mango is a small pit bull mix. She is approximately 3 years old. She takes a while to get to know new people and would not be good in a home with children or other dogs. She will need a special home with an owner who is willing to spend the time working with her. Once she is comfortable with people she can be playful and affectionate. Mango enjoys playing fetch and loves her kiddie-pool or chasing the water from a hose.

She is house-trained, spayed, current on vaccinations, microchipped, and wormed.
