

Stella

Dog • Pyrenees Mix • Adult • Female • Large

Stella is a Pyrenees mix. She is smaller than a typical Pyrenees and weighs around 75 pounds. We do not know her age but believe she could be 5 to 8 years old. She is affectionate and playful and seems to have some of the personality of a Golden Retriever.

She is house-trained, spayed, current on vaccinations, microchipped, and wormed.

If you are interested in adopting this pet, please submit the form found on the home page of our website www.arkanimalshelter.org, and we will email you to set up an appointment to meet her.

All tax-deductible donations can be made to P.O. Box 8191, North Augusta, SC 29861. Thank you for viewing our rescues!
